UGC

- 6.9x higher engagement than brand content
- Fits naturally with EDC culture

TREND 3

Social Commerce

- Seamless in-app shopping → ASC Campaigns
- AI-driven personalisation
- Boosts CTR & ROAS

TREND 4

Storytelling

- Carousels/Video > Static: 3x conversions
- Narrative > plain product shots (Relatability hooks)

DANGO ADS - AUDIT

Strong product first-approach: Clean visuals, highlighting materials and modular features.

Premium positioning

Copy is word-heavy, lacks punch.

Strong hooks: "Slide. Lock. Go.", "ASMR for gearheads" creates sensory appeal.

Missing lifestyle storytelling.

Missed opportunity to spotlight **Dango's** standout USPs: Modular tools, Premium quality, RFID protection, and a full ecosystem of gear.

Feels too polished, less authentic.

Limited formats (carousel + Image + short video only).

NEXT-GEN STRATEGY

1. Lifestyle-Driven Storytelling

Dango Wallets = EDC Lifestyle

Shift from product-first → moment-first storytelling
airport checks, hikes, desks, weekend carry.

2. Bold, Punchy Copywriting

Let visuals carry the story — copy will shift to one-liners that highlight USPs, rather than product explanations.

“One wallet. Endless configurations.”

“Aerospace aluminium. Backed for life”

“More than a wallet. It’s your everyday carry.”

Move away from overly polished, studio content.
Tap into the EDC community's authenticity.

Pocket-dump reels, customer reviews, and
micro-influencer field tests.

4. Standout USP Positioning

Differentiate from Ridge/Trayvax by hammering
what only Dango offers:

Modular add-ons & multitools
Premium, Made-in-USA craftsmanship
RFID protection + lifetime warranty
Ecosystem of complementary carry

3. Community-Led, UGC- Style Creative

5. Expanding Creative Formats

Go beyond basic carousels and short videos with formats that educate, engage, and convert:

Instant Experience: Full-screen storytelling of design, durability, and lifestyle.

Catalogue + Collection Ads: Retarget customers with add-ons and bundles.

Video Stories/Reels: Quick, high-engagement product/lifestyle mashups.
